**"We just got home  
this morning from  
our Christmas holiday  
and are thrilled to arrive to  
a perfect home."**

**"Thank so much for handling  
everything while we were away.  
It is so nice to get home after  
a long trip and not worry  
about doing anything  
other than relaxing."**

**"We engage  
Time Is Money  
to assist with coming up  
with new and diverse ideas  
for our employee thank-you gestures.  
We have diverse employee groups in  
several locations and thus each  
gift requires different and distinctive themes.**

**Recently we needed a fresh idea for our  
employee Christmas gifts. Time Is Money was  
able to suggest unique and thoughtful  
alternatives, which we would not have come up  
with on our own.**

**They definitely think outside of the box  
and work hard to understand the recipient,  
to come up with gifts that truly make an  
impression and are appreciated  
by all parties."**

*Bruce C.*

**"I've had Time Is Money  
pull together gift baskets  
for me over the last  
several years.**

**Not only is each basket an original  
(you won't find any others like them  
in the city) and custom made, but  
they are spectacular!**

**From the contents to the  
packaging, I simply wouldn't  
go anywhere else to order  
a gift basket."**
